## **Machine Solutions Inc. Appoints Midwest Process Solutions as Representative for Minnesota, Wisconsin, North Dakota and South Dakota**

**Flagstaff, AZ USA, August, 2009 - Machine Solutions Inc.-**

Machine Solutions Inc. (MSI) is pleased to announce the appointment of Midwest Process Solutions (MPS) as its sales and technical support representative for Minnesota, Wisconsin, North Dakota and South Dakota. The addition of MPS expands MSI's current customer base and provides improved service and technical support to the installed base in the Twin Cities area.

With over 20 years of medical device industry experience, the combination of MPS and MSI allows for significant product line growth and customer growth within this important economic region. "The difficult economic conditions facing all industries will require constant business adjustments from companies like Machine Solutions Inc. in order to weather the global economic storm in 2009," says Daniel Kasprzyk, CEO of Machine Solutions Inc.

Founded in 1998 by Scott Nebel, Midwest Process Solutions provides the highest level of support to customers by providing innovative solutions to help medical device companies improve yields, reduce costs and improve quality. MPS is located in metropolitan Minneapolis and is devoted to the development and implementation of medical assembly, test and the inspection processes. Midwest Process Solutions also represents Hermann Ultrasonics and Z-axis leak/flow testers.
