

PRESS RELEASE FOR IMMEDIATE RELEASE

Machine Solutions Inc. Announces the Launch of New Contract Testing Services Utilizing the RX550/650 Radial Expansion Force Equipment

Flagstaff, AZ USA, June, 2008 –

The MSI Radial Force contract testing service provides testing with the proprietary RX550/650 Radial Expansion Force Gage equipment. MSI contract testing involves: protocol development, testing, and report generation. The RX testing data is useful for regulatory submissions, pre-clinical trial testing, competitive product testing and product design. Testing can be performed on devices such as balloon expandable stents, self-expanding stent, stent graft products, collagen plugs, embolic and vena cava filters.

About Machine Solutions Inc.

Machine Solutions Inc. is a leading manufacturer and pioneer in providing the medical device community with the premier solution for catheter processing applications. MSI has been instrumental in automating or semi-automating several manual processes within catheter manufacturing organizations.
