

PRESS RELEASE FOR IMMEDIATE RELEASE

Machine Solutions Inc. Announces New Corporate Headquarters

Flagstaff, AZ USA, March 14, 2005 - Machine Solutions Inc.:

Machine Solutions Inc. (MSI) today announces a move into a new, expanded corporate headquarters and manufacturing facilities. The new facility will more than triple our office, R&D and manufacturing space and poise MSI for continued growth through new product introductions and line extensions.

- Nearly 30,000 sq ft of manufacturing and office space.
- State of the art conferencing facilities.
- Dedicated contract manufacturing and testing lab.
- Equipment demonstration/evolution space.
- Dedicated manufacturing area for custom and/or proprietary projects.

MSI, recently named one of the 'Ten Biotech Companies to watch in 2005' by the Arizona Technology Council (<http://www.techconnectmag.com/custom.cfm?name=article.cfm&id=390&nav=about>) will be hosting a customer and media Open House on Friday April 8, 2005 with a presentation and facility tour at 10:00 AM. Please RSVP to the telephone or email contact information provided below if you plan to attend. The Open House will feature a presentation on MSI including a summary of our current product portfolio, industry overview, product demonstrations and a preview of our next generation equipment.

Machine Solutions Inc. is a leading manufacturer and pioneer in providing the medical device community with the premier solution for stent crimping, balloon processing applications, marker band swaging and catheter & stent testing applications. The patented MSI proprietary segmental crimping mechanism delivers some of the most uniform and secure compression and folding technology available today. Please visit www.machinesolutions.org for additional corporate and MSI product information.
